BETTER SKILLS INCREASE YOUR JOY

Glittering snow crystals make winter the most beautiful time of the year. In the white mountains, kids and adults leave their daily routine behind them and surround themselves with nature. They experience the freedom of the mountains as they master vital techniques. Improved skills minimize effort, strengthen movements, and overcome inhibitions.

As self-confidence grows, so does the desire to experience more of the ski region. Longer slopes, more difficult ski-runs or cross-country ski tracks enhance the mountain experience. Soon, kids and adults get closer to fulfilling their aspirations – pristine powder snow.

We are with you every step of the way for the perfect leisure experience. Our teaching and safety concept including the FIS rules of conduct make free experimentation possible. The German Ski Instructor Association awards their premium brands *Profischule* and *kids on snow mit Beweg dich schlau! von Felix Neureuther* to our diverse range of services. It's proven that better skills increase joy.

 - b. Prices and payment
All prices include value added tax (VAT). The new catalogue nullifies and replaces all previously advertised prices. No liability is accepted for printing errors. We are entitled to charge the price as advertised.

 - g. Place of performance
Our lessons take place in the skiing area of Brauneck/Lenggries-Wegscheid.
